Objective:

I am an enthusiastic web developer with experience in Django, React, and Bootstrap for building dynamic applications. Skilled in full-stack development, MySQL database management, and RESTful APIs. Developed projects include an e-commerce platform, a movie database app, and an AI-powered hand sign detection model using YOLOv5. Passionate about creating seamless user experiences and efficient full-stack solution.

Education:

- **2022 - 2026**
B.E. Computer Science Engineering
Kumaraguru College Of Technology.
CGPA: 7.9
- **2020 - 2021**
Y.R.T.V matric Hr Sec School
HSC percentage: 90.6%
- **2018 - 2019**
Y.R.T.V matric Hr Sec School
SSLC percentage: 93.4%

Soft Skills:

- ProblemSolving
- Critical thinking
- Leadership
- Communication and Collaboration

Technical Skills:

- **Programming-Skills:** Python-[LeetCode](#) C++ Bootstrap Java JavaScript C programming
- **Web Development:** Django React NodeJs, MongoDB
- **Artificial Intelligence:** Deep Learning, Machine Learning

Project:

- **Bookshop Management System** - Built a bookshop website using HTML, CSS, and Django, enabling smooth navigation and book management.
- **E-commerce Website** - Developed a full-featured platform with Django & MySQL, including user authentication, cart, and favourites.
- **Movie Database App** - Created a React app with TMDB API & Bootstrap, allowing users to explore and search movies dynamically.
- **Hand Sign Detection** - Trained a YOLOv5 model for real-time hand sign recognition (e.g., “Hello,” “Thanks,” “Yes”) via webcam.
- **Action Detection Model** - Built a real-time system using OpenCV, MediaPipe & LSTM (Keras) to classify human actions, applied in safety monitoring and gesture control.
- **Jarvis AI Assistant** - Designed a Python-based voice assistant with SpeechRecognition & automation libraries to perform Google/YouTube search, Wikipedia lookup, email, weather/news updates, and desktop control.

Certifications & Workshops:

Workshops:

- Robotics and Drone Automation Workshop
- 3D Printing Workshop

Technical Certifications:

- Python Programming - Guvi
- Database Management Systems (DBMS) - Infosys
- AWS Academy Cloud Foundations - AWS
- Getting started with Artificial Intelligence - IBM SkillsBuild
- Generative AI in Action - IBM SkillsBuild
- Cybersecurity Fundamentals - Tech Mahindra Foundation

Personal Interest:

- Hackathons
- Tech Competitions
- Volunteering
- Continuous Learning
- Skill Development

Languages Known:

- Tamil
- English
- Hindi
